

# HollidaySmiles

DENTISTRY

## Welcome to the HollidaySmiles dental family!

We are a full-service dental office with services ranging from tooth-colored fillings to whitening to cosmetic veneers, all with a heavy emphasis on health and patient education. Our hygienists offer advanced preventive care, from cleanings to full mouth scaling for those who require it. We also offer non-complex tooth extractions and root canals, and are happy to refer more complex cases to our specialist friends in town. Implants, snore appliances, clear orthodontic aligners and Botox are other services offered. Children are welcome, and we refer any complex teeth alignment problems to area orthodontists.

You will find in this packet materials that need to be filled out as completely as possible so that we can have a clear picture of your needs. Please let our office know if you have any questions, concerns or need help filling out these forms. We believe our patients experience better outcomes when they actively participate in the care of their mouth and its components. We look forward to meeting you and working with you to manage or improve the health of your mouth together.

Again, welcome to our practice! We are glad you have placed your trust in our office and will do everything possible to exceed your expectations. See you soon!

Sincerely,

A handwritten signature in black ink that reads "Paul Holliday DDS". The signature is written in a cursive, flowing style.

Paul Holliday, DDS
